Your Home Field Advantage™

Turface Athletics has the widest line of infield clays, conditioners, and accessories throughout the baseball and softball industry, and now we have the ultimate line of premier infield mixes available through a wide network of distributors!

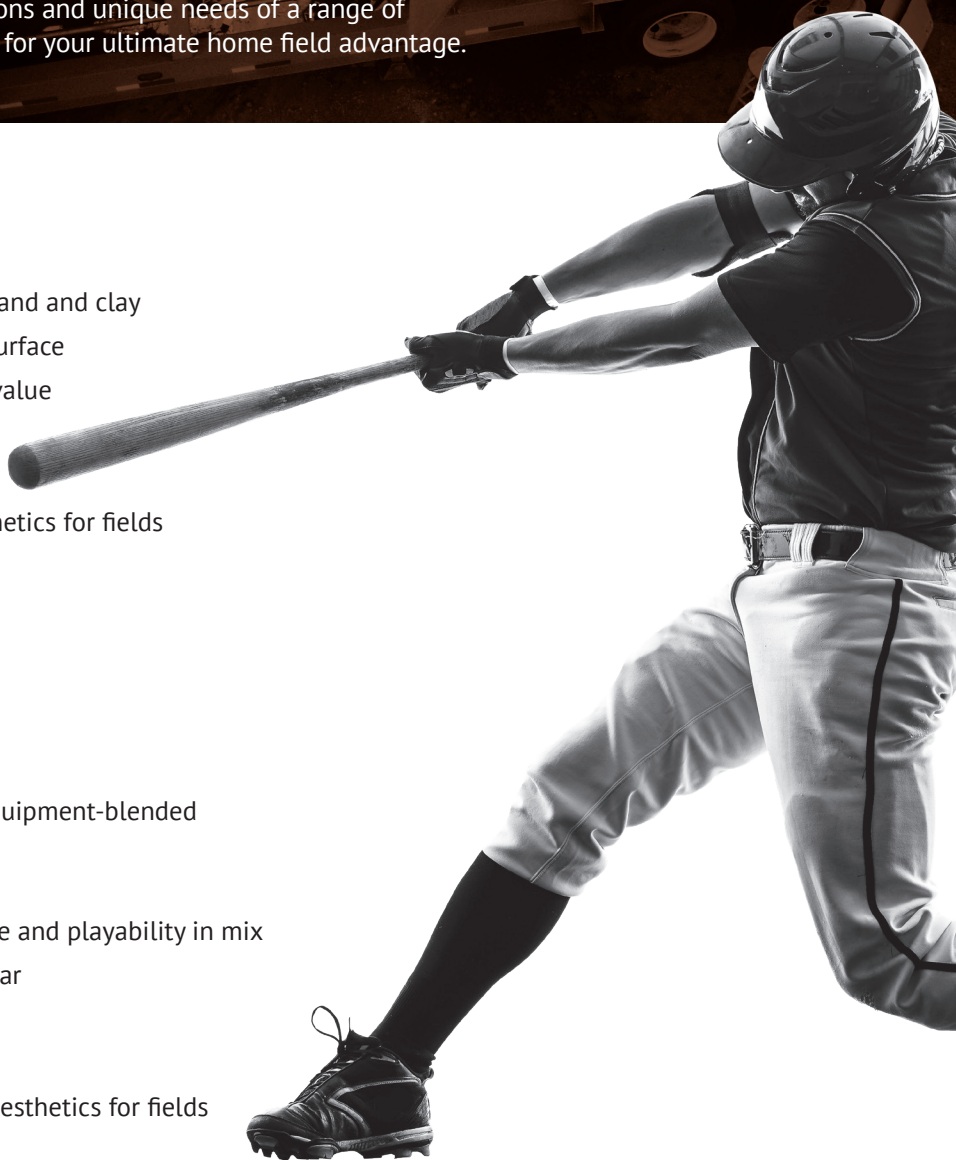

Providing a range of products to meet the conditions and unique needs of a range of facilities, Turface Athletics is YOUR go-to resource for your ultimate home field advantage.

TURFACE DIAMOND MIX

- Lowest price mix - naturally-occurring blend of sand and clay
- Requires watering to achieve a firm, consistent surface
- Competitively priced to provide great customer value
- Consistent availability and delivery
- Proven for many years as a reliable infield mix
- Rich color provides great ball visibility and aesthetics for fields
- Used at all levels of play
- Screened at ¼"

TURFACE DIAMOND SELECT

- Our most popular mix, specially screened and equipment-blended at our facility
- Easy to install, maintain, and manage
- Requires less water to achieve optimum moisture and playability in mix
- Product consistency with each load, year after year
- 70% Sand Content
- Balanced SCR (0.7 - 0.85)
- Rich red color provides great ball visibility and aesthetics for fields
- Suitable for all levels of play
- Screened at ¼"

TURFACE SAF DIAMOND ELITE

- Customizable blend to meet your specifications
- Requires effective water management to achieve firm surface and cleat-in / cleat-out effect
- Specially screened material, equipment-blended at our facility
- Typically a 60:20:20 mix with a balanced SCR (0.86 - 1.0)
- Product consistency with each load, year over year
- Rich red color provides great ball visibility and aesthetics for fields

All Infield Mix products are available in bulk trucks, 1,000 lb and 2,000 lb Super Sacks.

*Quantity shown is approximate quantities only. Please call our office or contact your sales representative to discuss your unique situation.

Additional Products from Turface

SLIDEMASTER™ The Ultimate Topdressing

- Natural red shale topdressing:
 - No dye, zero stains
- Rounded, uniform particles for superior sliding
- Improves infield moisture retention in dry conditions
- Allows for easier infield dragging and a consistent surface

PRO LEAGUE® The #1 Conditioner

- Smaller, more uniform particles assure a smooth, professional, skinned playing surface, minimizing potentially dangerous bad hops
- Moisture-absorbing properties improve footing and help to prevent rainouts
- Available in Natural (tan), Champion Brown, Red and Heritage Red to enhance visibility and ballpark aesthetics

NEW! SAF™ 5-Star Packing Clay™

- Ready to use right out of the bag
- Excellent durability, holds up game after game
- Used at all levels of play from coast to coast
- Easy installation
- High Density red clay material binds well
